

A few memories of My Rome and Spanish Exchange Programs...

Me and a few of my committee members at the Rome International Model United Nations (RIMUN). I was representing Nigeria in the ECOSOC committee.

This picture was outside the general assembly conference at the Roman Senate Building

When we went touring around Rome we saw the Pantheon (i.e. behind me), the coliseum and the Vatican.

On one of the days we took all the Spanish exchange students for a dandiya ras. A dandiya ras is a traditional festival celebrated in India where people dance on music and create beats with wooden sticks.

Me and my friends outside Palacio Real in Madrid when we went sight seeing.
